CURT QUINER

It's a privilege for me to be the Safety Coordinator and Chaplain for TC Harley.

After a number of years of riding motorcycles both on and off-road, I was blessed in 1997 to be able to purchase

my first Harley, a 1997 Road King. It only got better as I joined HOG that spring, and met a great group of Harley enthusiasts. I can't say enough about the people I have gotten to know through HOG!

I have been riding motorcycles for 38 years now, and taught MSF beginning and advanced classes for about 16 years until life was just too busy to continue! Although officially not an MSF instructor anymore, I continue to be passionate about motorcycle safety, and have given various safety seminars to HOG chapters. From picking up your motorcycle to street safety workshops to group riding seminars to countersteering and safety tips with a passenger, I am often reminded that I definitely don't know it all.

Not only do I enjoy motorcycling, but I am thrilled to say our entire family really enjoys it! My wife Judi rides on the back of the Road King unless Christy, age 9, has beat her there! Christy is already a veteran motorcyclist, and her 4 year old sister Hannah will be fighting for the back seat soon as well! Our family attends many various motorcycle rallies and events in the summer, mostly in the state of Minnesota where we are often privileged to provide Sunday morning church services. I have also performed a number of biker weddings in many interesting places, from a chapter meeting in a biker bar to church weddings. I have also officiated at a number of funerals. I look forward to providing safety seminars and serving as chaplain for TC Harley HOG members. I consider it a real privilege to be your chaplain and safety officer.

Please don't hesitate to call or e-mail me if there's anything I can do to help (prayer requests, hospital visits, etc).
